11) Executive Summary					
<p>The West Metro Region is committed to continuing the collaboration between the seven consortia which make up the region to provide high quality programming that is advanced by the knowledge and skills gained by our peers across the region. The projects below reflect these goals, and are a combination of “growing” pilots from one consortium to another and generating new projects based on local program needs. In many cases, funding for the projects is braided together using a variety of funding streams. We will continue to meet on a bi-monthly basis to review our projects, build on collaborations, and share resources and ideas to help promote and support transitions programming across the region.</p>					
12) Goal 1:	From July 2020–June 2021, provide logistical and financial oversight for the West Metro Transitions Region.				
Is this a goal that the region will continue implementing during 2021–2022? (Yes or No)	Yes.
